PROFESSIONAL SUMMARY

B.Tech Computer Science (Data Science) graduate with strong skills in Python, SQL, Power BI, Excel, and Data Analytics. Hands-on experience in data cleaning, ETL, dashboard development, and analyzing large datasets through internships and academic projects. Strong analytical, problem-solving, and communication skills with a passion for turning data into business insights. Seeking an entry-level Data Analytics role where I can apply my technical skills to solve business problems and support data-driven decision-making.

TECHNICAL SKILLS

Programming Languages	: Python, SQL, C++
Data Analysis	: Pandas, NumPy, Power BI, Excel, Matplotlib
Data Engineering	: ETL Pipelines, Data Cleaning, Data Modeling, Data Warehousing, Batch Processing
Big Data technologies	: PySpark, Google Cloud Platform (Basic)
Databases	: MySQL, MongoDB
Machine Learning	: Scikit-learn, Random Forest, Decision Trees
Data Science Tools	: Jupyter Notebook, Google Colab, Streamlit
Version Control	: Git, GitHub
Web Technologies	: HTML, CSS
Core Concepts	: DSA, OOP, Statistics, Data Cleaning

INTERNSHIP EXPERIENCE

Forcas Studio Limited — Data Analytics Intern Kolkata | 05/08/2025 – 10/11/2025

- Managed end-to-end data operations for Amazon, Flipkart, Ajio, and Meesho e-commerce platforms.
- Automated daily data processing of 800,000+ records using Python, improving pipeline efficiency by 50%.
- Designed and executed ETL operations and advanced SQL queries to derive actionable business insights.
- Built interactive Excel dashboards and Pivot Tables to support data-driven business decisions.

Techno Exponent — Machine Learning Engineer Intern Remote | 17/08/2025 – 02/11/2025

- Optimized on data science and machine learning project involving it real-world structures datasets.
- Built and optimized a regression model to predict diamond prices using advanced feature engineering.
- Evaluated multiple regression algorithms; selected CatBoost Regressor achieving $R^2 \approx 0.97$.
- Developed backend logic and deployed ML model using Streamlit for real-time predictions.

PROJECTS

Smart E-Commerce Sales & Customer Analysis | MySQL GitHub Repository : [Link](#)

- Designed and managed an end-to-end relational SQL database analyzing 1,000+ rows of real-world E-Commerce data.
- Designed and managed an end-to-end relational SQL database analyzing 1,000+ rows of real-world E-Commerce data.
- Used SQL (JOINS, GROUP BY, subqueries) to extract insights on revenue, customer behavior etc.
- Analyzed product trends, customer behavior, and payment insights using advanced SQL queries including JOINS, CTEs, and window functions.

Smart Restaurant Management System | Python ,FastAPI, Streamlit Live Demo: [Link](#) | GitHub: [Link](#)

- Built a **full-stack web application** for restaurant order and sales management using **FastAPI (backend)** and **Streamlit (frontend)**.
- Designed and implemented **RESTful APIs** (/menu, /order, /sales) for real-time order processing and data retrieval.
- Developed an interactive UI with a **cart system supporting multiple item orders**, improving user experience and usability.
- Implemented **state management and dynamic pricing logic**, enabling real-time total calculation and sales tracking.
- Deployed the application on cloud, making it **publicly accessible with live demo**.

Gemstone Price Prediction | Python, Streamlit, Machine Learning

Deployed on Streamlit Cloud : [Link](#)

- Built and deployed an end-to-end ML web application predicting diamond prices based on carat, cut, color, clarity, depth, and table features.
- Evaluated multiple regression models (Linear Regression, Ridge, Lasso, CatBoost); selected CatBoost achieving best $R^2 \approx 0.97$.
- Performed data cleaning, EDA, and feature engineering using Pandas, NumPy, and Scikit-learn.

EDUCATION

Brainware University — B.Tech in Computer Science & Engineering (Data Science)

CGPA: 8.57 / 10 | Percentage: 81%

Kolkata

2022 – 2026

Birlapur High School

Percentage: 70.2%

Kolkata

2021

Sahu Jain Vidyalaya

Percentage: 60.85 %

Kolkata

2019

CERTIFICATIONS

- Python Machine Learning Certificate — [Udemy](#)
- Data Analytics Certificate — [Microsoft](#)
- Google Analytics Certification — [Google](#)
- MySQL Certification — [Infosys](#)
- Artificial Intelligence — [IBM SkillsBuild](#)

ACHIEVEMENTS

- Solve 95+ DSA and SQL problems on Leetcode
- Earned SQL (Basic & Intermediate) badges on LeetCode by solving 50+ SQL challenges : [Link](#)
- Secured **1st Rank (School Topper)** in Class 12 – [WBCHSE], [2021]
- Secured **1st Rank (School Topper)** in Class 10 – [WBBSE], [2019]
